Meeting Summary

This meeting was held at the Inform level of the IAP2 spectrum, to prepare Panel members for the March all-panel offsite.

Agenda items:

- To play back discussions on the focus questions had in 2023.
- To share draft answers to related focus questions to the Panel, as derived through Panel engagement in 2023 and broader engagement and research, and discuss how these answers contribute to AusNet's draft proposal in preparation for the March off-site.
- To share plans for addressing identified gaps or open action items in the coming months.

Discussion was limited to clarifying questions only. As such, we have not produced a full meeting summary.
